EUROSYSTEM

National Bank of Slovakia (NBS) offers technical cooperation and provides its expertise to central banks and supervisory and financial consumer protection authorities to tackle the current challenges and utilize the lessons learned in central banking and supervision.

NBS offers unique expertise and experience in central bank cooperation:
from **economic transition period**,
through **EU accession reforms**,
up to **membership of the European Union**
and **successful adoption of the Euro** and **membership in the Eurosystem**.

WE HAVE EXPERIENCED IT ALL.

Our aim is to share and exchange knowledge, experience, good practices and networking through tailor-made activities of our technical cooperation (TC) programme, including:

**Webinars
& Seminars**

**Study Visits
& Workshops**

**Consultations
& Discussions**

**Short-Term
Missions**

**Bilateral
Cooperation**

**Multilateral & EU
Funded Projects**

Our technical cooperation programme engages the participation of highly qualified experts who bring a wealth of hands-on experience. Our expertise extends to various fields of central banking supervision and financial consumer protection, besides others:

 <p>Share - Network - Cooperate</p>	Financial Stability	Macroprudential Policy	Monetary Policy	Adoption of Euro
